Acknowledgements:

On behalf of the entire cast and crew, I would firstly like to thank our audience from Silvervale and across the realm. Without you, this could not have been!
We would also like to extend out gratitude to the host city of Silvervale. We have been so warmly welcomed to perform in your city! Thank you!
As a personal thank you, I would like to thank the Silent Rose Library, for without my hours of research within its walls, this play would never have been as great as it is.
Thank you also to Mayor Winfield and Lady Winmere for helping me to find the perfect location to perform this play.

In wisdom,
Lenora of Yew
